

Workshop Overview

Recreation PEI is pleased to host the 2020 Mid-Season Ice Maintenance Seminar - a one day seminar that has been designed specifically for those in the arena industry and has become an integral part of the training of arena personnel throughout the Maritimes.

Program Outline

The content for the workshop includes:

- Examples of ice painting strategies
- Ice installation, maintenance and removal techniques
- Trouble shooting your ice resurfacer
- Refrigeration room maintenance
- Arena safety practices
- Arena energy efficiency

Instructors

The instructors for this workshop will be David Loverock of Jet Ice Ltd., Everett Tucker of Saunders Equipment Ltd., and Derek Hawes of DH Solutions. These three professionals make up the International Icemakers Society.

INTERNATIONAL
ICEMAKERS
SOCIETY

Cancellation Policy

If you are unable to attend the workshop, you may substitute another person from your facility at no charge.

Note: there is no scheduled storm date.

If the workshop is cancelled for any reason, registrants will be contacted and a full refund will be provided.

No-Shows will still be charged the full amount of the registration.

2020 Mid-Season Ice Maintenance Seminar

Wednesday, January 22nd
Credit Union Place
Summerside, PE

Presented By:

INTERNATIONAL
ICEMAKERS
SOCIETY

Who Should Attend

This workshop has been specifically designed by industry professionals for those who currently own, manage, or operate and maintain ice rink facilities.

Why You Should Attend

The Midseason Ice Maintenance Seminar should be considered an integral part of the overall professional development for all those in the arena industry.

The information obtained from this workshop can be put to use immediately at any facility, whether it is an energy saving technique or an improved maintenance procedure.

This training workshop will also provide an excellent opportunity to meet and discuss issues of concern with others in the arena industry.
